Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE
WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

ICPSR CODEBOOK NOTES FOR #35584
Giving and Volunteering [United States]

- 1) To preserve respondent confidentiality, ICPSR performed the following steps to the data collection:
 - a. Giving and Volunteering in the United States 1988:
 - i. **Q913** (Respondent: Age): In the data, responses for this variable have been top coded at 65 "65 and older."
 - ii. **Q901C** and **Q901E**: In the data, text responses for these character variables have been masked.
 - b. Giving and Volunteering in the United States 1990:
 - i. **Q919** (Respondent: Age): In the data, responses for this variable have been bottom coded at 18 "18 and younger" and top coded at 65 "65 and older."
 - ii. **Q69**: In the data, all responses for this variable, except 34 "None" and 99 "Don't know/no answer," have been masked.
 - c. Giving and Volunteering in the United States 1992:
 - i. **Q907** (Spouse's age) and **Q929** (Respondent's Age): In the data, responses for these variables have been top coded at 65 "65 and older."
 - ii. **Q86**: In the data, all responses for this variable, except 34 "None," 35 "Don't know," and 36 "No answer," have been masked.
 - d. Giving and Volunteering in the United States 1994:
 - i. **Q907** (Spouse's age) and **Q920** (Respondent's Age): In the data, responses for these variables have been top coded at 65 "65 and older."
 - ii. **Q44**: In the data, all responses for this variable, except 34 "None," 35 "Don't know," and 36 "No answer," have been masked.
 - e. Giving and Volunteering in the United States 1996:
 - i. **Q907** (Spouse's age) and **Q910** (Respondent's Age): In the data, responses for these variables have been top coded at 65 "65 and older."
 - ii. **Q55**: In the data, all responses for this variable, except 34 "No answer," have been masked.
 - iii. **DATE**: In the data, all responses for this variable have been masked.
 - f. Giving and Volunteering in the United States 1999:
 - i. **Q907** (Spouse's age) and **Q910** (Respondent's Age): In the data, responses for these variables have been top coded at 65 "65 and older."
 - g. Giving and Volunteering in the United States 2001:
 - i. **AGECON** (Age Distribution): In the data, responses for this variable have been top coded at 85 "85 and older."
 - ii. **V20-V29**, **V90-99**, **D90S**, and **FIPS**: In the data, text responses for these character variables have been masked.
 - iii. **V6EXP2**: In the data, some text responses for this character variable have been masked.

Changes made to a00245
Changes to 2001 Giving and volunteering in the United States

The following changes were made to the 2001 dataset.

The variables in the dataset supplied by Independent Sector (IS) were sorted to match the order of the survey questions.

CASEID was added to the dataset and made the first variable.

Deleted variable V13A; there is no information in this variable.

Deleted variable V14SMONE; there is no question analogous to this variable and there is no data for this variable.

Deleted variables V185-V189; there is no data for these variables.

Deleted variables G193-G196; there is no data for these variables.

Deleted variable D95; there is no data for this variable.

Deleted variables A1B & Cunited; question A1B was deleted from the final survey.

The variable type for variables V40 - V49 was changed from string to numeric so that responses could be weighted.

The variable type for variables V100 - V109 was changed from string to numeric so that responses could be weighted.

The variable type for variables RE_EDUC, DIVISION, and REGION was changed from string to numeric so that responses could be

weighted.

Changed label/description for variable VOLHRSMI. After reviewing the data, it appears that the label for this variable, in

the dataset supplied by IS, is inaccurate.

The coding of variables LEFTSAME and LEFTLESS are based on the responses to A5. The data and variable names for these

variables are inverted; that is, the variable LEFTSAME contains the data for LEFTLESS and vice versa. The variable names in

the dataset used by CPANDA to generate the CPANDA codebook were changed (switched).

The variable name Asked2Give was changed to ASK2GIVE due to CPANDA variable name standards.

The variable name ASKED2VOL was changed to ASK2VOL due to CPANDA variable name standards.

The variable name CHAIRDED was changed to CHARDED.

Added the following variables: RELVRNG, YTHVRNG, EDUCVRNG, HLTHVRNG, SVCSVNRNG, WORKVRNG, ENVVRNG, ADRCVRNG, ARTSVRNG,

PUBLVRNG, POLTVRNG, FNDVRNG, INTLVRNG, OTHRVRNG, TOTVRNG, FORVRNG, INFVRNG, RELGRNG, YTHGRNG, EDUCGRNG, HLTHGRNG, SVCGRNG,

ENVGRNG, ADRCGRNG, ARTSGRNG, PUBLGRNG, POLTGRNG, FNDGRNG, INTLGRNG, RLTGRNG, FNSGRNG, OTHRGRNG, PCTGRNG, TOTGRNG, FORGRNG,

INFGRNG, D5RANGE, and IMPAGERG.

ICPSR 35584

Giving and Volunteering [United States]

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.

Giving and Volunteering in the United States 2001

CASEID: Unique record identifier

Added text: This variable created for the CPANDA codebook.

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 1-4 (width: 4; decimal: 0)

Variable Type: numeric

V1: Volunteered in past month

Question: First I'd like to ask about your volunteer activity. By volunteer activity, I mean not just belonging to a service organization, but actually working in some way to help others. Have you done volunteer work for any organization in the past month?

Value	Label	Unweighted Frequency	%
1	Yes	1212	29.0 %
2	No (Skip to V6)	2965	71.0 %
	Missing Data		
-	-	1	0.0 %
	Total	4,178	100%

Based upon 4,177 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 2.00

Location: 5-5 (width: 1; decimal: 0)

Variable Type: numeric

V20: Name of first volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-	-	2967	71.0 %
Maske d	-	1211	29.0 %
	Total	4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 6-11 (width: 6; decimal: 0)

Variable Type: character

V21: Name of second volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		3727	89.2 %
Maske d	-	451	10.8 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 12-17 (width: 6; decimal: 0)

Variable Type: character

V22: Name of third volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4037	96.6 %
Maske d	-	141	3.4 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 18-23 (width: 6; decimal: 0)

Variable Type: character

V23: Name of fourth volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4133	98.9 %
Maske d	-	45	1.1 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 24-29 (width: 6; decimal: 0)

Variable Type: character

V24: Name of fifth volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4160	99.6 %
Maske d	-	18	0.4 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 30-35 (width: 6; decimal: 0)

Variable Type: character

V25: Name of sixth volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4169	99.8 %
Maske d	-	9	0.2 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 36-41 (width: 6; decimal: 0)

Variable Type: character

V26: Name of seventh volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4173	99.9 %
Maske d	-	5	0.1 %

Value	Label	Unweighted Frequency	%
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 42-47 (width: 6; decimal: 0)

Variable Type: character

V27: Name of eighth volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4177	100.0 %
Maske d	-	1	0.0 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 48-53 (width: 6; decimal: 0)

Variable Type: character

V28: Name of ninth volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4177	100.0 %
Maske d	-	1	0.0 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 54-59 (width: 6; decimal: 0)

Variable Type: character

V29: Name of tenth volunteer organization

Question: What is the name of the organization? Added text: Only those who answered yes (V1=1) to the first question were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 2073 ST. JOHNSBURY AFTER SCHOOL PRO is recorded in variable V20 and GRAM is recorded in variable V21. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past month? IF NAME IS NOT KNOWN, ASK TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		4177	100.0 %
Maske d	-	1	0.0 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 60-65 (width: 6; decimal: 0)

Variable Type: character

V30: Volunteer effort 1 time unit(s)

Added text: This variable captures whether the volunteer reported the prior month's volunteer effort in hours, minutes, or hours and minutes. The actual amounts of volunteer time are recorded in variables such as V3HRS0, V3MIN0, and RELGHR_R. Instances of one volunteer effort appearing in multiple variables, mentioned for variables V20 - V29, carry over to variables V30 - V39.

Instructions for the interviewer: ASK QUESTIONS V3 AND V4 FOR EVERY ORGANIZATION NAMED IN V2[1] THROUGH V2[10]. IF NO MORE ORGANIZATIONS, GO TO V6.

Value	Label	Unweighted Frequency	%
1	Hours	1186	28.4 %
2	Minutes	6	0.1 %
3	Hours and minutes	8	0.2 %
	Missing Data		
.	-	2978	71.3 %
Total		4,178	100%

Based upon 1,200 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 3.00

Location: 66-66 (width: 1; decimal: 0)

Variable Type: numeric

V31: Volunteer effort 2 time unit(s)

Added text: This variable captures whether the volunteer reported the prior month's volunteer effort in hours, minutes, or hours and minutes. The actual amounts of volunteer time are recorded in variables such as V3HRS0, V3MIN0, and RELGHR_R. Instances of one volunteer effort appearing in multiple variables, mentioned for variables V20 - V29, carry over to variables V30 - V39.

Instructions for the interviewer: ASK QUESTIONS V3 AND V4 FOR EVERY ORGANIZATION NAMED IN V2[1] THROUGH V2[10]. IF NO MORE ORGANIZATIONS, GO TO V6.

Value	Label	Unweighted Frequency	%
1	Hours	424	10.1 %
2	Minutes	11	0.3 %
3	Hours and minutes	5	0.1 %
	Missing Data

	Missing Data		
.	-	4177	100.0 %
Total		4,178	100%

Value	Label	Unweighted Frequency	%
	Total	4,178	100%

Based upon 1 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 1.00

Location: 75-75 (width: 1; decimal: 0)

Variable Type: numeric

V3HRS0: Volunteer hours for first organization

Question: How many hours did you spend in the past month working for {NAME OF 1ST ORGANIZATION}? Added text: This variable captures the prior month's volunteer effort that was reported in hours; there may be volunteer time reported in minutes in the analogous variable V3MINx. Instances of one volunteer effort appearing in multiple variables, mentioned for variables V20 - V29, carry over to variables V3HRS0 - V3HRS9. V40: Volunteer organization 1 area

Question: I'm going to read a list of areas describing the many different organizations for which people do volunteer activities. Please tell me which area best describes (NAME OF 1ST ORGANIZATION). Would you say religious, such as churches, synagogues, convents, seminaries, mosques, etc. but not church-affiliated schools; youth development, such as Boys & Girls Scouts, 4-H Clubs, and Little Leagues; education, such as elementary schools, secondary or higher education (public or private) and libraries; health, such as hospitals, mental health organizations, nursing homes, hospices, clinics, and the American Cancer Society; human services, such as daycare, foster care, family counseling, consumer protection, homelessness, job services, the Red Cross, YMCA, and charity drives like the United Way; work-related, such as labor unions, credit unions, professional associations, and Chambers of Commerce; environment, including animal welfare, such as the SPCA and programs for environmental quality and beautification; adult recreation, such as swimming, boating, skiing or hunting clubs; arts, culture, and humanities, such as performing arts, cultural or ethnic groups, museums, art exhibits, and public television or radio; public or societal benefit, such as civil rights, minority and women's equity issues, and community or social action. For example, Rotary and Kiwanis; political organizations and campaigns, such as political parties, nonpartisan political groups, and community groups; private and community foundations, such as the Ford Foundation, Rockefeller Foundation and local foundations; international or foreign programs, such as relief abroad and student or cultural exchange programs; or is it some other kind of organization? Added text: Instances of one volunteer effort appearing in multiple variables, mentioned for variables V20 - V29, carry over to variables V40 - V49. Instructions for the interviewer: ASK QUESTIONS V3 AND V4 FOR EVERY ORGANIZATION NAMED IN V2[1] THROUGH V2[10]. IF NO MORE ORGANIZATIONS, GO TO V6. READ EXAMPLES ASSOCIATED WITH EACH AREA UNTIL INTERRUPTED. ORDER OF RESPONSES SHOULD BE RANDOMIZED AND SHOULD ALWAYS BEGIN WITH "RELIGIOUS" AND END WITH "OTHER." ALL OTHER RESPONSE CATEGORIES ARE TO BE READ WITH ONE OF FOUR RANDOM STARTS. REPEAT THE SAME ORDER FOR EACH ORGANIZATION NAMED IN V2.

V47: Volunteer organization 8 area

Question: I'm going to read a list of areas describing the many different organizations for which people do volunteer activities. Please tell me which area best describes (NAME OF 1ST ORGANIZATION). Would you say religious, such as churches, synagogues, convents, seminaries, mosques, etc. but not church-affiliated schools; youth development, such as Boys & Girls Scouts, 4-H Clubs, and Little Leagues; education, such as elementary schools, secondary or higher education (public or private) and libraries; health, such as hospitals, mental health organizations, nursing homes, hospices, clinics, and the American Cancer Society; human services, such as daycare, foster care, family counseling, consumer protection, homelessness, job services, the Red Cross, YMCA, and charity drives like the United Way; work-related, such as labor unions, credit unions, professional associations, and Chambers of Commerce; environment, including animal welfare, such as the SPCA and programs for environmental quality and beautification; adult recreation, such as swimming, boating, skiing or hunting clubs; arts, culture, and humanities, such as performing arts, cultural or ethnic groups, museums, art exhibits, and public television or radio; public or societal benefit, such as civil rights, minority and women's equity issues, and community or social action. For example, Rotary and Kiwanis; political organizations and campaigns, such as political parties, nonpartisan political groups, and community groups; private and community foundations, such as the Ford Foundation, Rockefeller Foundation and local foundations; international or foreign programs, such as relief abroad and student or cultural exchange programs; or is it some other kind of organization? Added text: Instances of one volunteer effort appearing in multiple variables, mentioned for variables V20 - V29, carry over to variables V40 - V49. Instructions for the interviewer: ASK QUESTIONS V3 AND V4 FOR EVERY ORGANIZATION NAMED IN V2[1] THROUGH V2[10]. IF NO MORE ORGANIZATIONS, GO TO V6. READ EXAMPLES ASSOCIATED WITH EACH AREA UNTIL INTERRUPTED. ORDER OF RESPONSES SHOULD BE RANDOMIZED AND SHOULD ALWAYS BEGIN WITH "RELIGIOUS" AND END WITH "OTHER." ALL OTHER RESPONSE CATEGORIES ARE TO BE READ WITH ONE OF FOUR RANDOM STARTS. REPEAT THE SAME ORDER FOR EACH ORGANIZATION NAMED IN V2.

Variable Type: numeric

V8: Volunteer in past 12 months

Question: Now we'd like to focus your attention on the past 12 months. In the past 12 months, have you done volunteer work for any organizations? Added text: If respondent had volunteered in past month (V1=1), the question would be asked as follows: In the past 12 months, have you done volunteer work for any organizations other than the ones you've already mentioned?

Value	Label	Unweighted Frequency	%
1	Yes	1100	26.3 %
2	No (Skip to V11)	3072	73.5 %
	Missing Data		
.	-	6	0.1 %
	Total	4,178	100%

Based upon 4,172 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 2.00

Location: 831-831 (width: 1; decimal: 0)

Variable Type: numeric

V90: Name of first volunteer organization (past year)

Question: What is the name of the organization? Added text: Only those who answered yes (V8=1) to question V8 were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 99 RACE FOR THE BREAST CANCER WAL is recorded in variable V90 and K is recorded in variable V91. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past 12 months? IF NAME IS NOT KNOWN, ASK R TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		3083	73.8 %
Maske d	-	1095	26.2 %

Value	Label	Unweighted Frequency	%
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Location: 832-837 (width: 6; decimal: 0)

Variable Type: character

V91: Name of second volunteer organization (past year)

Question: What is the name of the organization? Added text: Only those who answered yes (V8=1) to question V8 were asked this question. In some cases, there appears to be a problem with the entry of organization names, so that one organization may appear in 2 or 3 columns; for example, in record 99 RACE FOR THE BREAST CANCER WAL is recorded in variable V90 and K is recorded in variable V91. Instructions for the interviewer: PROBE: Were there any other organizations you volunteered for in the past 12 months? IF NAME IS NOT KNOWN, ASK R TO DESCRIBE ORGANIZATION.

Value	Label	Unweighted Frequency	%
-		3846	92.1 %
Maske d	-	332	7.9 %

Location: 886-891 (width: 6; decimal: 0)

Variable Type: character

V100: Volunteer organization 1 area (past year)

Question: I'm going to read a list of areas describing the many different organizations for which people do volunteer activities. Please tell me which area best describes {NAME OF 1ST ORGANIZATION IN V9}. Would you say religious, such as churches, synagogues, convents, seminaries, mosques, etc. but not church-affiliated schools; youth development, such as Boys & Girls Scouts, 4-H Clubs, and Little Leagues; education, such as elementary schools, secondary or higher education (public or private) and libraries; health, such as hospitals, mental health organizations, nursing homes, hospices, clinics, and the American Cancer Society; human services, such as daycare, foster care, family counseling, consumer protection, homelessness, job services, the Red Cross, YMCA, and charity drives like the United Way; work-related, such as labor unions, credit unions, professional associations, and Chambers of Commerce; environment, including animal welfare, such as the SPCA and programs for environmental quality and beautification; adult recreation, such as swimming, boating, skiing or hunting clubs; arts, culture, and humanities, such as performing arts, cultural or ethnic groups, museums, art exhibits, and public television or radio; public or societal benefit, such as civil rights, minority and women's equity issues, and community or social action. For example, Rotary and Kiwanis; political organizations and campaigns, such as political parties, nonpartisan political groups, and community groups; private and community foundations, such as the Ford Foundation, Rockefeller Foundation and local foundations; international or foreign programs, such as relief abroad and student or cultural exchange programs; or is it some other kind of organization? Added text: If respondent had volunteered in past month (V1=1), the first sentence would read as follows: I'm going to read the same list of areas describing the many different organizations for which people do volunteer activities. Instances of one volunteer effort appearing in multiple variables, mentioned for variables V90 - V99, carry over to variables V100 - V109. Instructions for the interviewer: ASK V10 AFTER EVERY ORGANIZATION NAMED IN V9[1] THROUGH V9[10]. IF NO MORE ORGANIZATIONS, GO TO V11. CONTINUE READING UNTIL INTERRUPTED. ORDER OF RESPONSES SHOULD BE RANDOMIZED AND SHOULD ALWAYS BEGIN WITH "RELIGIOUS" AND END WITH "OTHER." ALL OTHER RESPONSE CATEGORIES ARE TO BE READ WITH ONE OF FOUR RANDOM STARTS. REPEAT THE SAME ORDER FOR EACH ORGANIZATION NAMED IN V9.

V104: Volunteer organization 5 area (past year)

Question: I'm going to read a list of areas describing the many different organizations for which people do volunteer activities. Please tell me which area best describes {NAME OF 1ST ORGANIZATION IN V9}. Would you say religious, such as churches, synagogues, convents, seminaries, mosques, etc. but not church-affiliated schools; youth development, such as Boys & Girls Scouts, 4-H Clubs, and Little Leagues; education, such as elementary schools, secondary or higher education (public or private) and libraries; health, such as hospitals, mental health organizations, nursing homes, hospices, clinics, and the American Cancer Society; human services, such as daycare, foster care, family counseling, consumer protection, homelessness, job services, the Red Cross, YMCA, and charity drives like the United Way; work-related, such as labor unions, credit unions, professional associations, and Chambers of Commerce; environment, including animal welfare, such as the SPCA and programs for environmental quality and beautification; adult recreation, such as swimming, boating, skiing or hunting clubs; arts, culture, and humanities, such as performing arts, cultural or ethnic groups, museums, art exhibits, and public television or radio; public or societal benefit, such as civil rights, minority and women's equity issues, and community or social action. For example, Rotary and Kiwanis; political organizations and campaigns, such as political parties, nonpartisan political groups, and community groups; private and community foundations, such as the Ford Foundation, Rockefeller Foundation and local foundations; international or foreign programs, such as relief abroad and student or cultural exchange programs; or is it some other kind of organization? Added

text: If respondent had volunteered in past month (V1=1), the first sentence would read as follows: I'm going to read the same list of areas describing the many different organizations for which people do volunteer activities. Instances of one volunteer effort appearing in multiple variables, mentioned for variables V90 - V99, carry over to variables V100 - V109. Instructions for the interviewer: ASK V10 AFTER EVERY ORGANIZATION NAMED IN V9[1] THROUGH V9[10]. IF NO MORE ORGANIZATIONS, GO TO V11. CONTINUE READING UNTIL INTERRUPTED. ORDER OF RESPONSES SHOULD BE RANDOMIZED AND SHOULD ALWAYS BEGIN WITH "RELIGIOUS" AND END WITH "OTHER." ALL OTHER RESPONSE CATEGORIES ARE TO BE READ WITH ONE OF FOUR RANDOM STARTS. REPEAT THE SAME ORDER FOR EACH ORGANIZATION NAMED IN V9.

G1: Contributed in 2000 - Religious

Question: Now we're going to talk about charitable giving. I'm going to read you examples of the many different areas in which households contribute money or other property for charitable purposes. By contributing, I mean making a voluntary contribution with no intention of making a profit. For each area, please tell me whether you or the members of your household contributed some money or other property in 2000? In 2000, did you and members of your household contribute money or property to or for religious organizations? Examples include churches, synagogues, convents, seminaries, and mosques. Added text: Although the survey instruments lists the response codes as 1 and 2, the codes used in the dataset supplied by Independent Sector are 0 and 1. Instructions for the interviewer: IF ASKED: Please include payroll deductions.

Value	Label	Unweighted Frequency	%
0	No (G2)	1586	38.0 %
1	Yes	2592	62.0 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

Variable Type: numeric

OTHER_R: Recoded contribution - Other area

Added text: Variable created by Independent Sector (IS). Information about recoding process was not supplied by IS. Midpoint of ranges for prior two variables are used, e.g., 150 for \$100 to \$199, except when respondent reported contributing \$1,000 or more. In those instances, an estimate of 1000 is used. Non-contributors are coded as 0.

Location: 1863-1863 (width: 1; decimal: 0)

Variable Type: numeric

G16: Charity selector

Question: Even though members of a household give as a unit, individual members may select certain charities or nonprofit organizations to support. Who in your household is considered most involved in deciding which organizations you give to? Would you say yourself, your spouse or partner, both, yourself and your spouse or partner, or another household member? Added text: Instructions for the interviewer: IF THIS IS A SINGLE PERSON HOUSEHOLD (HHCOMP = 6), CODE G16 = 1 AND SKIP TO G17.

Value	Label	Unweighted Frequency	%
1	Yourself	2398	57.4 %
2	Your spouse or partner	280	6.7 %
3	Both, yourself and your spouse or partner	1273	30.5 %
4	Another household member	104	2.5 %
5	Other	110	2.6 %

A4: Worry about money

Question: The next questions are more general. Do you worry about not having enough money in the future?

Value	Label	Unweighted Frequency	%
1	Yes	2430	58.2 %
2	No	1739	41.6 %
	Missing Data		
.	-	9	0.2 %
	Total	4,178	100%

Based upon 4,169 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 2.00

Location: 2057-2057 (width: 1; decimal: 0)

Variable Type: numeric

WORRY: Worry about financial future

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable A4. Those coded as "1" in A4 are coded as "1" in WORRY. Those coded as "2" in A4 are coded as "0" in WORRY. Those who didn't respond to, or who were not asked, the question are coded as "0" in WORRY.

Value	Label	Unweighted Frequency	%
0	No	1748	41.8 %
1	Yes	2430	58.2 %
	Total	4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2058-2058 (width: 1; decimal: 0)

Variable Type: numeric

A5: Amount of money compared to last year

Question: Do you have more, less, or about the same amount of money left over after paying your bills this year as you did last year?

Value	Label	Unweighted Frequency	%
1	More	927	22.2 %

Value	Label	Unweighted Frequency	%
2	Less	1684	40.3 %
3	About the same	1507	36.1 %
	Missing Data		
.	-	60	1.4 %
	Total	4,178	100%

Based upon 4,118 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 3.00

Location: 2059-2059 (width: 1; decimal: 0)

Variable Type: numeric

LEFTMORE: More money compared to last year

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable A5. Those coded as "1" in A5 are coded as "1" in LEFTMORE. Those coded as "2" or "3" in A5 are coded as "0" in LEFTMORE. Those who didn't respond to, or who were not asked, the question are coded as "0" in LEFTMORE.

Value	Label	Unweighted Frequency	%
0	Less money or about the same	3251	77.8 %
1	More money	927	22.2 %
	Total	4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2060-2060 (width: 1; decimal: 0)

Variable Type: numeric

LEFTLESS: Less money compared to last year

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable A5. Those coded as "2" in A5 are coded as "1" in LEFTLESS. Those coded as "1" or "3" in A5 are coded as "0" in LEFTLESS. Those who didn't respond to, or who were not asked, the question are coded as "0" in LEFTLESS.

Value	Label	Unweighted Frequency	%
0	More money or about the same	2494	59.7 %
1	Less money	1684	40.3 %
	Total	4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2061-2061 (width: 1; decimal: 0)

Variable Type: numeric

LEFTSAME: Same amount of money compared to last year

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable A5. Those coded as "3" in A5 are coded as "1" in LEFTSAME. Those coded as "1" or "2" in A5 are coded as "0" in LEFTSAME. Those who didn't respond to, or who were not asked, the question are coded as "0" in LEFTSAME.

Value	Label	Unweighted Frequency	%
0	More money or less money	2671	63.9 %
1	About the same	1507	36.1 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2062-2062 (width: 1; decimal: 0)

Variable Type: numeric

A6: Trust in others

Question: Generally speaking, would you say that most people can be trusted or that you can't be too careful in dealing with people?

Value	Label	Unweighted Frequency	%
1	Most people can be trusted	1480	35.4 %
2	You can't be too careful in dealing with people	2340	56.0 %
3	It depends on the situation	338	8.1 %
Missing Data			
.	-	20	0.5 %
Total		4,178	100%

Based upon 4,158 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 3.00

Location: 2063-2063 (width: 1; decimal: 0)

Variable Type: numeric

TRUST: Most people can be trusted

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable A6. Those coded as "1" in A6 are coded as "1" in TRUST. Those coded as "2" or "3" in A6 are coded as "0" in TRUST. Those who didn't respond to, or who were not asked, the question are coded as "0" in TRUST.

Value	Label	Unweighted Frequency	%
0	Can't be too careful or depends on situation	2698	64.6 %

Value	Label	Unweighted Frequency	%
1	Most people can be trusted	1480	35.4 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2064-2064 (width: 1; decimal: 0)

Variable Type: numeric

T1: Itemize deductions in 2000

Question: The next question I have is about your 2000 federal tax return. For your 2000 federal tax return, did you, or will you, itemize your deductions? Added text: Although the survey instruments lists the response codes as 1, 2, and 3, the codes used in the dataset supplied by Independent Sector are 0, 1, and 3. Instructions for the interviewer: IF NEEDED: You would use the 1040 long form and Schedule A to itemize deductions.

Value	Label	Unweighted Frequency	%
0	No	1628	39.0 %
1	Yes	2068	49.5 %
3	Did not file a 2000 tax return (SKIP TO T2)	246	5.9 %
	Missing Data		
.	-	236	5.6 %
Total		4,178	100%

Based upon 3,942 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 3.00

Location: 2065-2065 (width: 1; decimal: 0)

Variable Type: numeric

T1R: Recoded T1

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable T1. Those coded as "0" in T1 are coded as "2" in T1R. Those coded as "1" in T1 are coded as "1" in T1R. Those coded as "3" in T1 are coded as "3" in T1R. Those who didn't respond to T1 are coded as "99" in T1R.

Value	Label	Unweighted Frequency	%
1	Yes	2068	49.5 %
2	No	1628	39.0 %
3	Did not file a 2000 tax return	246	5.9 %
99	Don't know/no response	236	5.6 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 1.00
- Maximum: 99.00

Location: 2109-2109 (width: 1; decimal: 0)

Variable Type: numeric

CHILDYES: Children in household

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable D2. Those coded as "1" in D2 are coded as "1" in CHILDYES. Those coded as "2" in D2 are coded as "0" in CHILDYES. Those who didn't respond to, or who were not asked, the question are coded as "0" in CHILDYES.

Value	Label	Unweighted Frequency	%
0	No children under 18 in household	2645	63.3 %
1	Child(ren) under 18 in household	1533	36.7 %
	Total	4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2110-2110 (width: 1; decimal: 0)

Variable Type: numeric

CHILDNO: No children in household

Added text: Variable created by Independent Sector (IS). Coding for this variable is based on variable D2. Those coded as "1" in D2 are coded as "0" in CHILDNO. Those coded as "2" in D2 are coded as "1" in CHILDNO. Those who didn't respond to, or who were not asked, the question are coded as "0" in CHILDNO.

Value	Label	Unweighted Frequency	%
0	Child(ren) under 18 in household	2561	61.3 %
1	No children under 18 in household	1617	38.7 %
	Total	4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2111-2111 (width: 1; decimal: 0)

Variable Type: numeric

KIDS: Kids in household

Added text: The coding of this variable is described on page 144 of Giving and Volunteering in the United States 2001: "Created the variable KIDS indicating whether there were children under 18 in the household. There were 10 refusals to item D2 ("Do any children under 18 live with you?"). All cases refusing to answer D2 also refused to answer D1. There were five cases that refused to answer D2, but indicated that they had children in their response to the household composition question. These were assumed to have children under 18 in the household. The remaining five refusals also refused to answer the household composition question; these were assumed to have no children under 18 in the household."

Value	Label	Unweighted Frequency	%
0	No children under 18 in household	2640	63.2 %
1	Child(ren) under 18 in household	1538	36.8 %
Total		4,178	100%

Based upon 4,178 valid cases out of 4,178 total cases.

- Minimum: 0.00
- Maximum: 1.00

Location: 2112-2112 (width: 1; decimal: 0)

Variable Type: numeric

D2A: Number of minors in household

Question: How many (children under 18 live with you)? Added text: Only those with children (D2=1) were asked this question.

Value	Label	Unweighted Frequency	%
1	1	588	14.1 %
2	2	601	14.4 %
3	3	246	5.9 %
4	4	66	1.6 %
